

Dear Minister,

Christmas is a time of hope and good will.

We need to know how good will 'Skills for All' be for TAFE.

Give us some hope.

Precisely how is *Skills for All* different from the failed Victorian VET reforms?

How will these differences guarantee TAFESA's future?

How will the quality of training in a fully contestable VET market be monitored and enforced?

All we ask for Christmas are clear answers to these questions.

Seasons Greetings

from AEU Members in TAFE
