STATE OF OUR TAFES

FIRST NATIONAL SURVEY OF TAFE TEACHERS

On Monday 8 February, the first State of our TAFES survey will open. It will run for three weeks.

The AEU State of our TAFES survey will give TAFE teachers across the country the opportunity to have their say on issues affecting teachers and students in TAFE institutes across Australia.

TAFE teachers will be able to comment on the adequacy of resources in their institute, and waiting lists or unmet demand across a number of industry areas. They will also be able to comment on changes to their workload including changes to class sizes.

The State of our TAFES survey will provide the union with valuable information directly from members about the employment and qualifications profile of the teaching workforce.

An email will be sent to each TAFE member across the country inviting them to complete the survey online. TAFE teachers will also be able to easily access the survey from the website www.aeufederal.org.au and clicking on the link.

If you have any questions about the survey, please contact
